## MEMO FROM GOD

To: YOU  
Date: TODAY  
From: THE BOSS  
Subject: YOURSELF  
Reference: LIFE

I am God.

Today I will be handling all of your problems. Please remember that I do not need your help.

If life happens to deliver a situation to you that you cannot handle, do not attempt to resolve it. Kindly put it in the SFGTD (something for God to do) box. All situations will be resolved... but in My time, not yours.

Once the matter is placed into the box, do not hold onto it by worrying about it. Instead, focus on all the wonderful things that are present in your life now

If you find yourself stuck in traffic; Don't despair. There are people in this world for whom driving is an unheard of privilege.

Should you have a bad day at work; Think of the man who has been out of work for years.

Should you despair over a relationship gone bad; Think of the person who has never known what it's like to love and be loved in return.

Should you grieve the passing of another weekend; Think of the woman in dire straits, working twelve hours a day, seven days a week to feed her children.

Should your car break down, leaving you miles away from assistance; Think of the paraplegic who would love the opportunity to take that walk.

Should you notice a new gray hair in the mirror; Think of the cancer patient in chemo who wishes she had hair to examine.

Should you find yourself at a loss and pondering what is life all about, asking what is my purpose? Be thankful. There are those who didn't live long enough to get the opportunity.

Should you find yourself the victim of other people's bitterness, ignorance, smallness or insecurities; Remember, things could be worse. You could be one of them!

Should you decide to send this to a friend, thank you. You may have touched a life in ways you will never know! ■

## LIGHTER MOOD

### LOGIC 101

A college student was in a philosophy class which had a discussion about God's existence. The professor presented the following logic:

"Has anyone in this class heard God?"

Nobody spoke.

"Has anyone in this class touched God?"

Again, nobody spoke.

"Has anyone in this class seen God?"

When nobody spoke for the third time, he simply stated, "Then there is no God."

One student thought for a second, and then asked for permission to reply. Curious to hear this bold student's response, the professor granted it, and the student stood up and asked the following questions of his classmates:

"Has anyone in this class heard our professor's brain?"

Silence.

"Has anyone in this class touched our professor's brain?"

Absolute silence.

"Has anyone in this class seen our professor's brain?"

When nobody in the class dared to speak, the student concluded, "Then, according to our professor's logic, it must be true that our professor has no brain!"

(The student received an "A" in the class.)
